

# DISTL

DISTILLING AND IRISH SPIRIT TRADING LTD.

## Our Services

### Curate & Blend

Rupert, our Master Blender, creates whiskey blends uniquely tailored to your brand's needs. His expertise ensures we maximize the potential of every product brief.

### Brand & Label Design

Whether working alongside your team or bringing in expert designers, we help develop your brand and label. We ensure your packaging is both visually compelling and fully compliant with global regulations.

### Whiskey Sourcing

Leveraging deep industry connections, we source premium Irish whiskeys tailored to our project's priorities. From small batches to large-scale supply, we deliver consistency, quality, and competitive pricing.

### Bottling Solutions

We offer versatile bottling services, from export-ready products to bulk whiskey for overseas bottling. Whether bottled or canned, we've managed it all.

### Shipping & Logistics

We manage the complex logistics of high-value, hazardous goods, whether shipped by land, sea, or air. Fully licensed and accredited, we can provide the safe and compliant global delivery of your whiskey.

### Packaging Options: Case, Bottle, Bulk & More

From individual casks to IBCs, to large bulk tankers, we offer a wide range of packaging solutions. Your product is delivered with the highest standards of care and flexibility.

### Brand Development & Market Launch

We support you in developing and launching your whiskey brand with expert guidance. From concept to market, we bring your vision to life through experienced partners and proven strategies.

## Pre-Appointment Prompts

- Are there specific services you are looking for? (The list we have used is on the website could fit here ...(sic) Sourcing, Blending, Bottling etc.
- Have you a particular style of whiskey in mind already (eg an Age statement, Malt/Blend, Price point)?
- When do you plan to launch your product?
- Which markets do you plan to sell to?
- For the US market, we also offer 3-tier Route to Market advice and CBMA excise tax relief processing.
